

A photograph of three cylindrical stools against a wooden wall with tall grass above. The stools are arranged on a wooden deck. Two are white and one is light wood. The wall is made of vertical wooden planks. The grass is tall and green, with some yellowing at the top. The lighting is soft and natural, suggesting an outdoor setting.

Quax

Create your own life, design your world
Use your favourite colours and sounds, shapes and words
Tickle your senses, with Quax

Y U M E

- Meringue
- Oyster
- Natural Ash

DREAM AWAY

Welcome to Yume, a haven of dreams for your precious little one. Inspired by the tender embrace of organic shapes, Yume is a baby room that encapsulates the essence of comfort and elegance. Just as its name suggests, Yume, meaning "Dream" in Japanese, is a sanctuary where the sweetest dreams come to life. Crafted with meticulous attention to detail, Yume features rounded edges that lovingly cradle the innocence of infancy. The design is an ode to the gentle curves found in nature, providing a sense of security and serenity to both baby and parents.

For those who appreciate the timeless beauty of natural elements, the Yume baby room in natural ash veneer is a seamless extension of our beloved bestselling Hai No Ki collection. This version exudes warmth and harmony, inviting a connection with the world's natural wonders right into your nursery.

Alternatively, the lacquered version of Yume, adorned in the soft hues of Meringue and Oyster, brings a touch of modern sophistication. The ribbed MDF texture not only adds visual interest but also stimulates tactile exploration, fostering early sensory development.

Whether you choose the rich familiarity of natural ash veneer or the contemporary charm of lacquered finishes, Yume is a testament to the art of design that grows with your child. With rounded edges as its heart and your baby's dreams as its soul, Yume promises a nurturing and enchanting space where precious moments unfold, and the journey of a lifetime begins.

Continuing the spirit of Yume's thoughtful design, we're delighted to introduce the optional junior kit, a true testament to versatility and longevity. With the junior extension kit, Yume evolves alongside your child, extending the bed's length up to 170 cm. This remarkable innovation transforms your baby room into a haven that accompanies your little one from the very first moments of life up until the tender age of 10.

The extension kit brings forth a range of carefully crafted components, each contributing to the seamless transition. An additional bottom part ensures stability and security, while the long sides are elegantly designed with anti-fallout curves, assuring the child's safety during those restless nights. A new footboard completes the transformation, merging seamlessly with Yume's graceful aesthetics.

In line with Yume's commitment to practical elegance, we've created a toy box that is as imaginative as it is functional. Boasting a pivoting top, this ingenious piece doubles as a play table, fostering creativity and exploration. And to accompany this whimsical creation, a matching stool completes the ensemble, inviting hours of laughter and discovery.

SERENITY STEPS

Introducing Ashi, where dreams begin with every tiny step. Named after the Japanese word for "feet," Ashi embraces the essence of connection and growth. Inspired by the elegance of midcentury modern design, this baby room collection is a symphony of style and functionality that transforms your nursery into a realm of wonder.

The distinctive feature of Ashi lies in its enchanting feet, a design that pays homage to the beauty of simplicity. Crafted to perfection, these feet are a nod to the midcentury aesthetic, capturing the charm of an era where form and function danced in harmony.

Available in the inviting warmth of Chestnut and the timeless allure of Clay, Ashi celebrates the hues of nature that nurture. The choice of melamine ensures not only durability but also ease of maintenance, embracing the practical needs of parenthood.

A stroke of genius lies in Ashi's monochrome allure – where the feet harmonize seamlessly with the body. This minimalist touch creates an oasis of tranquility, inviting you and your little one into a serene world where moments of tenderness and joy take center stage.

The embodiment of timelessness and durability within the Ashi collection is showcased gracefully in the transformable 140*70 bed. This bed is more than just a piece of furniture; it's a testament to the evolution of design meeting the demands of a growing child.

In the toddler stage, the bed seamlessly transforms into an open space, providing freedom and comfort for your little one. But the true magic lies within the optional extension kit – an innovation that bridges the years and stages of childhood. With this kit, the 140*70 cm bed can gracefully stretch to 170 cm, making it a constant companion from infancy to the tender age of 10.

Crafted with meticulous attention, the extension kit includes an additional bottom part for enhanced stability, long sides for safety, and a practical side/night table for convenience. As your child's world expands, their personal haven adapts in harmony, growing alongside their dreams and aspirations.

For those early years of exploration, an optional bedrail offers a sense of security, ensuring your toddler stays safe and snug within their realm of dreams. With Ashi's Grow Along Bed 140*70 and its ingenious extension kit, you're invited to embrace the journey of parenthood with a piece that transcends time and cherishes every step of your child's remarkable growth.

GOOD TO GROW

MODULAR BED CONCEPT

"The Good To Grow concept stands as a testament to Quax's commitment to durability, evolution, and the enduring charm that resonates in every cherished room."

Hai No Ki / Flow / Cocoon / Loft

HAI NO KI

Unlock the Next Chapter with the Hai No Ki Junior Kit
Step into a world of everlasting elegance with the Hai No Ki collection – a bestseller celebrated for its embrace of natural beauty through exquisite ash veneer. Now, introducing the Hai No Ki Junior Kit, a harmonious extension that further amplifies the timeless essence of the collection.

At the heart of this evolution lies the ability to extend the 140*70 bed, allowing it to stand as a steadfast companion for your child's growth up to 10 years old. The very bed that cradled their earliest dreams now becomes the foundation for their journey into the teenage years.

Accentuate the room with the addition of the coordinating desk and bookshelf, creating a space where childhood stories evolve into tales of adolescence. The Hai No Ki Junior Kit not only honors the past but paves the way for the future, nurturing a seamless transition from the innocence of youth to the promise of teenage exploration.

FLOW

Indulge in the poetry of design with the Flow collection – the epitome of elegance. Bathed in the tender embrace of the bestselling clay color, this collection has already woven the threads of timelessness. Now, with the addition of the Junior Kit, the story deepens.

Picture a bed that cradled dreams and whispered wishes, now transformed to accompany your child on a journey through a decade. The Flow Junior Kit extends its embrace, allowing the bed to grow alongside your little one, up to 10 years old. And to complete the enchantment, a nightstand joins the narrative, holding secrets and treasures through the nights.

Let the Flow collection carry dreams into the future, wrapped in the softest clay hues and the promise of enduring beauty.

COCOON & LOFT

Elevate the enchantment of the Cocoon and Loft collections with the introduction of the Junior Kit. A symphony of innovation, this kit ensures that timeless beauty is within everyone's reach, spanning a spectrum of colors and price ranges.

As the Junior Kit embraces almost all Quax collections, it paints a canvas of diversity where each family can bask in the allure of longevity. This step illuminates Quax's dedication to innovation, sustainability, inclusion and timelessness.

INTERIOR

NATURAL HARMONY

Step into a world where nature's hues take center stage. Our latest collection celebrates a symphony of natural wood tones, with a standout combination of walnut and cream. This dynamic duo creates depth and dimension, while the interplay of various materials and fabrics adds an intriguing layer of interest.

The soft color palette exudes tranquility, yet the blend of textures ensures a captivating and soothing ambiance that's both calming and endlessly captivating. This Color Palette extends to a revitalization of our current bestsellers and stunning newcomers, unifying the entire interior into a harmonious ensemble – from nursery to living space. Experience a cohesive blend that infuses natural elegance and serenity throughout your home.

Playpen Mori

Elevate your space with this stylish and functional playpen, combining timeless design with modern convenience. Featuring integrated wheels for easy mobility and available in both rich walnut and natural hues, it's the perfect blend of aesthetics and practicality. Welcome a touch of sophistication into your home while providing a safe haven for your little one.

0102V-0X

Mobile Clouds

... where dreams take flight. Crafted from ethereal clouds and delicate nylon thread, it conjures a mesmerizing illusion of perfect balance and motion. Each felt toy, meticulously crafted for sustainability, exudes soothing vibes that elevate any room. Let tranquility and wonder dance through the air as you adorn your space with this captivating masterpiece.

76IN0101

Wooden stand for mobile

Designed to adapt effortlessly to your daily routine, it can be placed by the playpen, cot, cradle, high chair, or rocking chair... Experience seamless interaction with your little one while adding a touch of elegance to any space. Practicality meets style, making every moment a picture of functionality and beauty.

76QS04

Mori changing table

Introducing the Mori Changing Table: where practicality meets aesthetics. Available in both walnut and natural wood tones, its integrated wheels offer mobility and convenience. Designed to complement the Mori Playpen, this stunning piece effortlessly enhances any room. Elevate your nursery with the perfect blend of beauty and functionality.

0505380X

Rocking Cradle De Luxe Sheep

Introducing our Rocking Cradle, an exquisite extension of our bestselling Rocking Chair collection. Designed with a seamless continuation of the iconic frame, it embodies a harmonious union. The meticulously selected bouclé fabrics in gentle beige sheep and fresh cream, artfully combined with the warm walnut and natural wood tones, evoke a timeless and romantic allure. Elevate the ambiance further with our matching Rocking Adult and Kids Chairs, alongside the Rocking Baby Bouncer, completing a symphony of elegance and love.

76 16 RC10

Rocking Cradle De Luxe Cream

Embrace the essence of contemporary classic design with our Rocking Cradle in cream and walnut. Crafted for those who adore timeless elegance, this choice reflects your discerning taste. Elevate the charm by pairing it with our multifunctional mobile stand and a mobile of your preference, culminating in a picture-perfect ensemble that captures the heart.

76 16 RC11

Rocking Chair De Luxe Cream

Experience the iconic Rocking Chair like never before, draped in a luxurious cream bouclé fabric. A first-time delight, its legs are now graced with the rich hue of walnut. Embrace the essence of midcentury modern elegance by pairing it with the matching Rocking Cradle, Baby Bouncer, and other walnut novelties, completing a cohesive and captivating look.

76 16 J1817-B11

Rocking Baby Bouncer Sheep & Cream

Reviving elegance, our Rocking Baby Bouncers now shine in walnut and natural tones. Adorned with cream and sheep bouclé fabric, they embrace a timeless allure. Experience their well-deserved revival, adding a touch of sophistication to your little one's world.

76 16 J11XXX

MonteWood toys
